SIR.

I have the honor to State that an Estimate for Rs 32604 was sanctioned by Government in the Public Works department, for supplying drinking water to the Nunjungude town, and for opening roads. Half the cost was treated as income, and the other half as loan to the Municipality. The water project was, however, stopped, under orders conveyed in Public Works Secretary's No. 1673/356, of 3rd April, 1894, on the ground that there was opposition locally, to the work being carried out. The Sanitary Engineer requests the forwarding of an agreement for the repayment of Rupees 2328 being half the loan towards the road works.

Wabi supply Rs 27948
opening out roads 4656
32604

2. The Municipal Board has agreed to repay the loan by one instalment out of the balance at the credit of the Municipality. Copy of the resolution is submitted.

in the current year including the
amount of balance of Rupees 7,909 is
estimated at Rupees 12,333 and the ex-
penditure is budgetted to Rs 7301 leaving
a closing balance as of Rs 5032 at the end
of the year. The actual balance at
hand of March last, amounts to Rs 1600.
- I therefore consider that the Branch
should be called upon to liquidate our
loans in the form of a request
that the Government may be pleased
to sanction the resolution of the Branch
as per Branch.

Dated Mysore 10th July 1895.

From The President of the Municipalities
~~Deputy Commissioner~~,
in the Mysore District.

To
The ~~Chief~~ Genl Secretary to the ~~Dewan~~ Govt of Mysore.

SIR,

At first an Estimate for 32,604 Rs was sanctioned for water project and for some sanitary improvements to the town of Nanjangud. The people of the place having stated that no water project was needed, only the sanitary improvement of the place at a cost of ~~Rs~~ 4656 was sanctioned in Government order No 23005-7 / LF 176-94 dated the 11th June last. The people having again asked for the water project, the Sanitary Engineer wrote to the Secretary to Government in the P. W. Department and he, in his Docket No 530/3116 of the 25th June 1895, conveyed sanction to the work being proceeded with as per sanction at first given in the Con...

of the Nanjangud Municipality paying a moiety of the cost with interest thereon at 4% at 1000 Rs per annum.

2 The income of the said Municipality for the current year (1895-96) is estimated at 5462. That and the opening balance of Rs 7225 make a total of Rs 12,687. The expenditure is fixed at Rs 8904, thus leaving 3783 Rs as the closing balance at the end of the year. Thus the Municipality can set apart Rs 1000 every year towards the payment of the said moiety. The resolution of the board dated the 25th November 1894 agreeing to this is herewith submitted. I beg to know if I may send an agreement to the public works department to pay the moiety, as without such agreement it will not commence the work.
